

Searching for a procedure using keywords

Using the search engine

- 1 Enter one or more keywords in the search bar
(note: the fewer words, the greater the number of results)

- 2 Add advanced search filters as required:

Filter by topic Abdomen and digestive system (21)

Allows for the selection of one or more topics. The number of procedures that meet the criteria is displayed in parentheses

Filter by resource type Document (3563) Video (33)

Allows for the selection of the type of tool (e.g.: PDF document, video)

Filter by procedure type Generic (41) Establishment (7) Customized (1)

Allows viewing generic procedures (drafted by the OCP Team), procedures customized by the institution or procedures written by the institution

Filter by publication date

- Start date:
- End date:

Allows searching for procedures published during the selected timeframe

- 3 Click on “Search” to display the list of results
